

VERSAFENCE

THE UK'S MOST VERSATILE
COMPOSITE FENCING SYSTEM

 **MADE IN BRITAIN®**

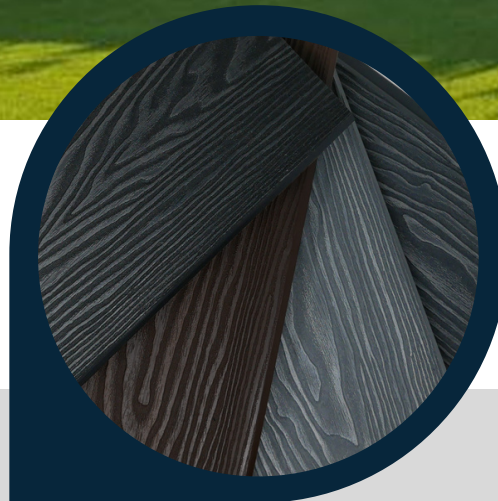

www.versafence.co.uk

VERSAFENCE

Welcome to your unique
fencing solution.

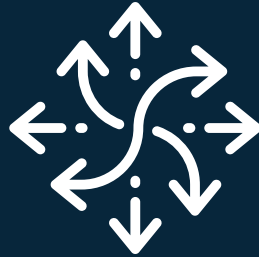

Let us help you transform
your garden and create an
individual new look in just a
few simple steps.

VersaFence can be used
with your existing concrete
posts, or you can choose to
create a whole new look
utilising our Powder Coated
Steel Posts.

COMPOSITE FENCE BOARDS

Our Composite Fence Boards measure

1830mm x 160mm x 20mm and conveniently join together with a tongue and groove system. The hardwearing, resilient material has a double sided, deep embossed woodgrain effect, and is available in 4 modern colours. They can be used as replacement boards, or as part of a newly constructed fence.

Quick and easy, requiring no priming or painting and straight forward installation.

TONGUE & GROOVE BOARD

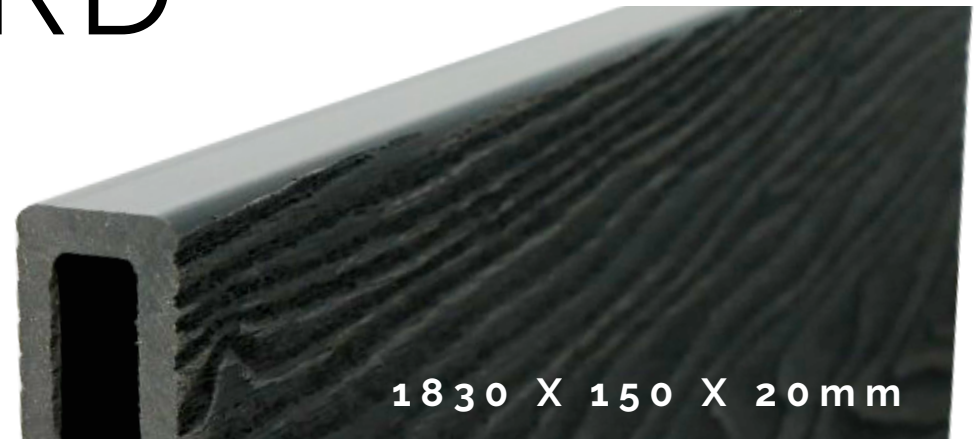

Tongue & groove boards will make up the majority of your fence panels. Their unique design allows for a strong and secure finish.

FINISHING BOARD

Our flat-topped finishing board neatly completes each Fence Panel.

Looking for a more stylish finish? Why not use a finishing board below one of our decorative fence toppers?

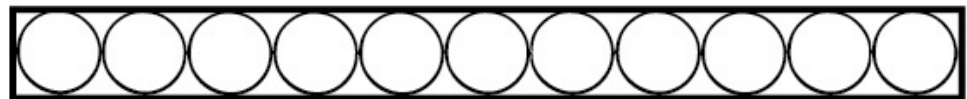

SLIMLINE DECORATIVE TOPPERS

1830 x 150 x 20mm

Finish your fence panel in style with a bespoke steel decorative topper to bring a new stylish element of design to your fencing.

Post Options

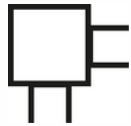

Bespoke Posts. No unsightly blanked channels

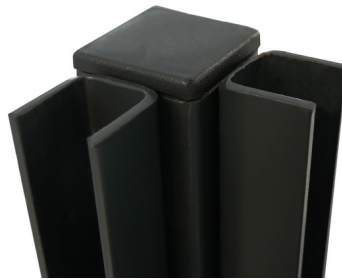

END POST

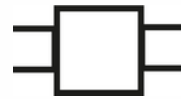

Sleek end post, with no ugly blanked channels

CORNER POST

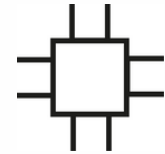

A sturdy and modern post, offering centralised support

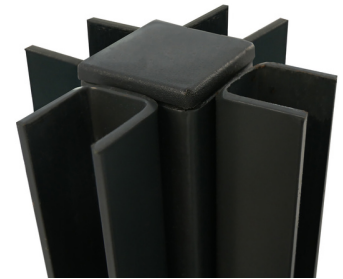

MIDDLE POST

Connecting two VersaFence Panels, leaving a clean and sleek appearance at the front of the post.

MULTI-DIRECTIONAL POST

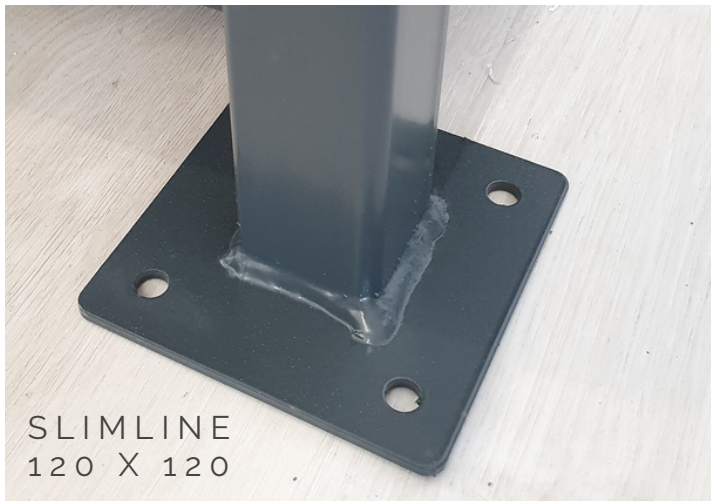

The fuss free solution to a large scale fencing system.

BOLT DOWN POST

Our posts are available in any size to suit your requirements and may be fitted with a choice of base plates to enable the fence post to be fixed to a suitable solid surface

*Bolts are not supplied

BASE PLATES

Our Base Plates complete our **Bolt Down Posts** to offer support for your fencing system.

You may choose from the styles above; we also supply larger base plates upon request. These will be colour coded to match your fencing posts.

DUG IN POST

Dug In posts are suitable for areas where the post is required to be sunk below ground. This allows for the post to be concreted securely, making the post act as a sturdy anchor point to install your new fencing. The above ground view will be sleek and clean.

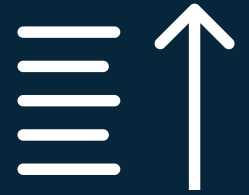

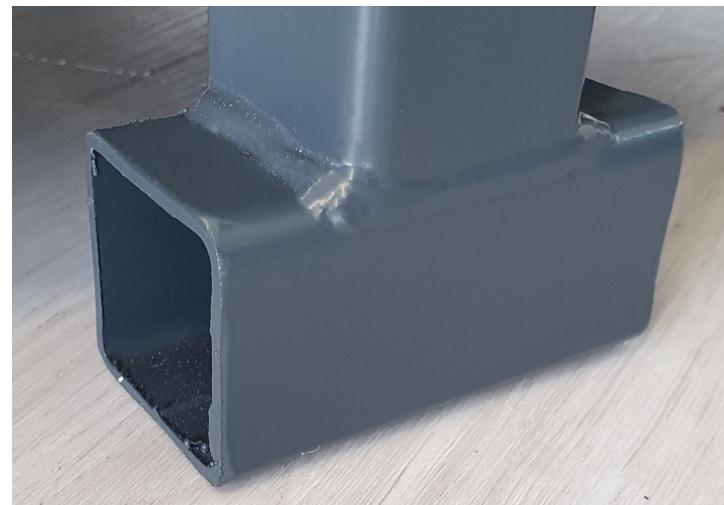

POSTS AVAILABLE IN SIZES FROM 3FT - 8FT

Our unique Anchor Base Foot design gives your installation superior hold in the ground, making our VersaFence System extremely secure and stable.
